PERSONAL NARRATIVE

Tips for Choosing a Topic

- What audience will you be writing for: a specific person? Friends and family? A particular age group? A general audience?

- Will your personal narrative entertain? Reveal something about yourself? Inform? Shine light on a matter that is important to you?

- Imagine your personal narrative as a t-shirt slogan or a movie. What would the shirt say? What would the movie preview be?

- Make a list of topics for your personal narrative. Share them with a partner. Which one interests your partner the most?
